Subject: Application for Counselor Position

Dear Sir,

I am writing to apply for the Counselor position at your organization. As a **Certified Basic Neurographica® Specialist** with over three years of experience in emotional healing and subconscious transformation, I have guided individuals to resolve deep trauma, thought patterns, enhance self-awareness, and teach them how to self-heal through the Neurographica art tool.

My approach integrates **emotional intelligence, awareness of different thought patterns, awareness of suppressed emotions, and techniques to move suppressed emotions using Neurographica art**, allowing clients to connect deeply with their emotions and feel safe in the healing process. Over the past few years, I have conducted more than **500 one-on-one sessions** with individuals facing various emotional challenges—helping them feel safe, supported, and regain balance in their lives.

Before transitioning into counseling and coaching, I worked as a **Software Engineer** for over seven years with organizations such as Toothsi, OYO, and Cashfree. **The reason to move from software was my inability to handle stress, which ultimately led me to find a way to heal my own trauma and now teach others to do the same.**

I am deeply inspired by your organization's mission and would be honored to contribute my experience in emotional healing, transformation coaching, and personal growth facilitation to your team. I've attached my resume for your review and would appreciate the opportunity to discuss how I can support your ongoing work.

Thank you for your time and consideration.

Warm regards,

Bharat Jain
